

You can quit smoking. We can help.

There are now more former smokers in the United States than current smokers—and you could be one of them!

One of the most effective quit smoking programs in the country, Freedom From Smoking® has a new online quit smoking experience with the new Freedom From Smoking **Plus**. The interactive program allows you to create a unique quit smoking plan on your computer, tablet or smartphone.

With videos, quizzes and activities, Freedom From Smoking **Plus** helps you quit smoking with a step-by-step guide that includes:

- Knowing you are ready to quit
- Setting a quit date and making a plan
- Medications that can increase your success
- Lifestyle changes to help you quit
- Coping strategies for managing stress
- How to stay smokefree for good

Access the new online program at
FreedomFromSmoking.org!

In addition to the new online program, you can access Freedom From Smoking through:

- **Group Clinics** Over eight sessions, quit with a group of individuals under the guidance of an expert facilitator.
- **Self-Guided Manual** Work at your own pace and on your own timeframe with the guidance of the Freedom From Smoking workbook.

With any program, you can lean on the supportive network of the American Lung Association. At any point in your quit smoking journey:

- Chat with other quitters anytime, anywhere through our online community
- Call the Lung Helpline to talk to a quit smoking counselor for individual attention and support

Visit **Lung.org/ffs** or call 1-800-LUNGUSA for more information about the range of options that the American Lung Association has to help smokers quit. Quitting smoking isn't easy—but it's easier with the right help.
